### **A) LinkedIn:**

#### **Owner - Project Manager - Construction Manager - Consultant, EMVEE BV**

#### **Chris J. Heine Jul 25, 2014, You worked with Chris but in different group**

Dutch Open Air Rally

Marcel heb ik leren kennen als een vakkundig en gedreven Project Manager die snel ingewikkelde situaties analyseert, in staat is het overzicht te bewaren en de juiste prioriteiten weet te stellen. Het belang van het project, de klant en overige stakeholders houdt hij hierbij in het oog. Door zijn lange internationale ervaring, in steeds wisselende omstandigheden en culturen put hij uit een schat aan inzichten om een project tot een succesvol einde te brengen en over te dragen aan de klant en/of operationele organisatie. Hij is een innemende persoonlijkheid die naast het zakelijke instinct de menselijke kant van zijn projecten een belangrijke plaats biedt. Ik werk graag met Marcel samen en kan hem van harte aanbevelen.

#### **Site Coordination Manager, Sloecentrale BV - Vlissingen**

#### **Ton Vrijdag Mar 18, 2015, You reported directly to Ton**

Project Director N62 at Province of Zeeland (South-west of the Netherlands)

Marcel has been working in the Sloe Centrale Project from 2007 until early 2010 as Site Coordination Manager. He has demonstrated to be an experienced and reliable site manager. He is controlling the construction in a professional way and he is putting the right emphasize on safety, quality and overall progress.

#### **Jos Gremmen Aug 12, 2014, You worked with Jos in the same group**

Independent Management Consulting Professional

Marcel showed as site constructions his skills by keeping the project within budget. He was focused on the contractual execution of the project. His emphasis on safety resulted in a project with 2,5 million worked hours without a lost time incident.

subject Reference letter Mr. M. Verdam

Ritthem, 8 July 2013

To whom it may concern:

We, as Sloe Centrale B.V., certify that Marcel Verdam has worked for Sloe Centrale from 21 May 2007 until 31 March 2010 as site manager for the construction of the 870 MW power plant.

His main tasks were to:

- coordinate and control all site activities related to the construction of the power plant;
- propose the necessary changes and adaptations to achieve the targets fixed by Sloe Centrale on quality and safety of the works;
- coordinate the activities of the Sloe Centrale site team and report adequately to the directors of Sloe Centrale.

Marcel Verdam has demonstrated in all these activities high commitment and professionalism. He has demonstrated to be fully reliable in his actions and has also gained recognition from the contractors at site.

There is particular recognition for his very efficient way to manage the different contractors and to get things done safely and in accordance with the specifications.

Yours sincerely,

Michel Gasc  
General Manager

Subject: Recommendation Letter Marcel Verdam

Beverwijk, Friday 12 October 2012

To whom it may concern:

This is to certify that Marcel Verdam, living in Maarssen, has worked as Project Manager for Van Tongeren Kennemer under difficult and trying circumstances. He had the lead role on our two largest projects in the Food Industry (Two Gluten Dryers and one Starch Dryer). Mr. Verdam held this position from March 2012 through September 2012.

He demonstrated optimal flexibility and was very quick to adapt to the position of Project Manager when the then incumbent fell seriously ill.

Mr. Verdam rapidly gained the trust and recognition of our Clients (Agrana Bioethanol - Austria and Cargill - Russia). They were most impressed by his professionalism, reliability, humor and realistic approach whilst leading and running both projects simultaneously. He successfully managed the co-ordination of all parties involved (Client's Architect, Sub-Vendors, Construction on Site, etc.). He was also able to catch up on the previously incurred delays.

We would like to express our thanks for his enormous contribution and we can highly recommend him.

Sincerely,

Roland Witkamp  
Managing Director
